

E-C

ear microphone/ speaker unit

The SAVOX® EC is a discreet and cost effective hands-free com solution, providing personal safety, efficiency and full concentration on your task. It perfectly completes the SAVOX® range of communication accessories as the universal alternative. The "ear piece" consists of a vibration sensitive microphone that picks up the voice from the cheek bone, and an earphone providing excellent reception even in noisy environments. The intrinsically safe (ATEX Approved) SAVOX® EC connects to any SAVOX® com-control/PTT unit adapting to most types of two-way radios.
